

# CLAMPING AT GRANGE DENE MEDICAL CENTRE PATIENTS' PETITION

*We the undersigned, being patients of Grange Dene Medical Centre, wish to lodge our objections to the presence of clampers at the Medical Centre, on the grounds that:*

- 1) **Some** Patients and Patients' carers are being intimidated and wrongly clamped
- 2) **Some** Patients are becoming anxious at having to attend the Medical Centre
- 3) We do not believe this is in keeping with the Hebden Bridge Group Practice statement on their website: "We aim to provide appropriate, accessible, courteous, high quality care and environment to all our patients and staff"
- 4) **There is growing, serious concern locally at the lack of response from the Centre**
- 5) **A serious** medical/health incident could arise from a patient being clamped, or the fear of being clamped
- 6) There is **serious congestion** caused by cars parked in Grange Yard for Patients approaching and leaving. Or even Doctors leaving for an emergency or an ambulance attending.
- 7) The appeal process is entirely with the clampers who do not have Patients' interests at heart
